

## Salt Way, Astwood Bank, Redditch B96 6NE

Offers In Region Of £700,000

🛏 4 🍽 3 🛋 2

The property has recently undergone a comprehensive renovation, featuring new kitchen, bathrooms, windows, and doors. The updates have been completed to a high standard, ensuring a contemporary feel throughout, having designer radiators installed in all rooms. The ground floor of this property offers a welcoming entrance hallway with a guest WC, stairs leading to the first floor, and a convenient storage cupboard. This leads to a spacious lounge with a cozy log-burning stove, a separate study room (which could serve as a single bedroom), a generously sized master bedroom with bi-folding doors opening to the garden patio, built-in wardrobes, and an en-suite shower room, and a second double bedroom on this level. Completing the ground floor is an impressive open-plan dining kitchen, featuring underfloor heating, two sets of bi-folding doors and ample space for dining and casual seating. The kitchen is equipped with a wide array of contemporary wall and base units, kickboard-vacuum, instant boiling water tap to the kitchen sink and integral appliances - including 2x Neff ovens, microwave and warming drawer and Neff dishwasher, along with full height fridge and freezer, and a central island. This area leads into a separate utility room with access to the rear garden, internal access to the garage, and an additional WC. On the first floor, you'll find two generously sized double rooms. Bedroom three boasts an en-suite shower room for added convenience, while a main bathroom serves the other room.

The property benefits from a spacious sweeping driveway, providing ample parking space and convenient vehicular access to the garage, along with Ohme electric car charging point. Both the front and rear gardens are wonderfully maintained, offering a delightful outdoor space. The rear garden, in particular, presents a picturesque setting with a large expanse of lush lawn, complemented by a paved patio and seating area, with electricity points to both. A charming timber summer house adds to the appeal with electricity, among planted sleeper beds, all enclosed within fenced boundaries.
